America's current foreign policy is making us weaker and less safe. North Korea's nuclear arsenal continues to grow and Iran might restart theirs. Russia still hasn't paid their price for interfering in our democracy and China's military is getting stronger. It's making us less safe.	53	93	45	14

America's current foreign policy is creating unnecessary conflicts and harming the U.S. economy. Trade tariffs attack our allies instead of work with them and American farmers and companies are already having to lay off workers, make cutbacks, and move jobs overseas because of retaliation.	62	91	65	29

America's current foreign policy doesn't put America First, it puts President Trump first. Trump does things like salute Kim Jong Un's generals and praise Vladimir Putin or other dictators just because they say nice things about him. But it strengthens our enemies and makes us less safe.	56%	92%	66%	12%
