**[CONVINCING/UNCONVINCING HEAT MAPS IN SEPARATE INDEX]**

**[FORM X]** First read this statement from supporters of President Trump...

**STATEMENT A:** The economy is booming - record job growth, stock market at record highs, and businesses creating new jobs all the time. We are taking on the opioid crisis, fixing health care, standing up to the drug companies and cutting taxes for the middle class. And President Trump is putting the very best people on the Supreme Court. We have done more in the first two years than any president in history, despite the liberal mob and their allies in the media doing everything they can to stop us. We're making America strong again and we need to keep going on this track.

Now read this response from supporters of Democrats in Congress...

**STATEMENT B:** The economy may be growing, but wealthy people at the top are getting nearly all the benefit, while people who work for a living are falling further behind. President Trump and his allies in Congress gave tax breaks to the rich and to the most well-connected companies, but working people pay the price. Republicans still want to repeal health care, driving up premiums even more and putting people with pre-existing conditions at risk. Democrats need to stand up to the president and special interests to put money back in the pockets of working Americans by investing in infrastructure, reducing college debt and bringing down the cost of prescription drugs.

We're making America strong again and we need to keep going on this track.

**STATEMENT C:** Americans want a government they can trust to not cheat, lie or steal. The Trump administration is the most scandal-plagued and corrupt presidency in our history - facing 35 indictments from the Special Counsel investigation, court battles to cover up Trump's finances and cabinet officials abusing taxpayer money to enrich themselves. Democrats will restore oversight and accountability by investigating abuses of power, uncovering Trump's tax returns and ending a culture of corruption that has overtaken Washington.

**STATEMENT D:** The American people want a government that puts them first, but President Trump is the most selfish, egotistical and immature president in history. He'll do things that are wrong for America so long as it makes him look good and gives him a political "win". President Trump puts his values ahead of American values and Republicans in Congress just go along for the ride. With strong oversight and forward-looking economic solutions, Democrats will put the American people back at the center of government instead of the Trump First attitude that drives Washington today.

**STATEMENT E:** Our politics are broken. Too many leaders have stoked racism and sexism - leading to the sort of violence and extremism that has rocked our communities. The politics of division must come to an end. Democrats will stand up to President Trump when he's wrong - and work with him when he's right. Democrats will work to make politics about honesty and results, not hate and division. We will work to build a political culture where you can disagree with someone without hating them and where those who encourage hate and violence are no longer part of our national debate.
