Update:
Tuesday, April 23

Navigating The First
100 Days

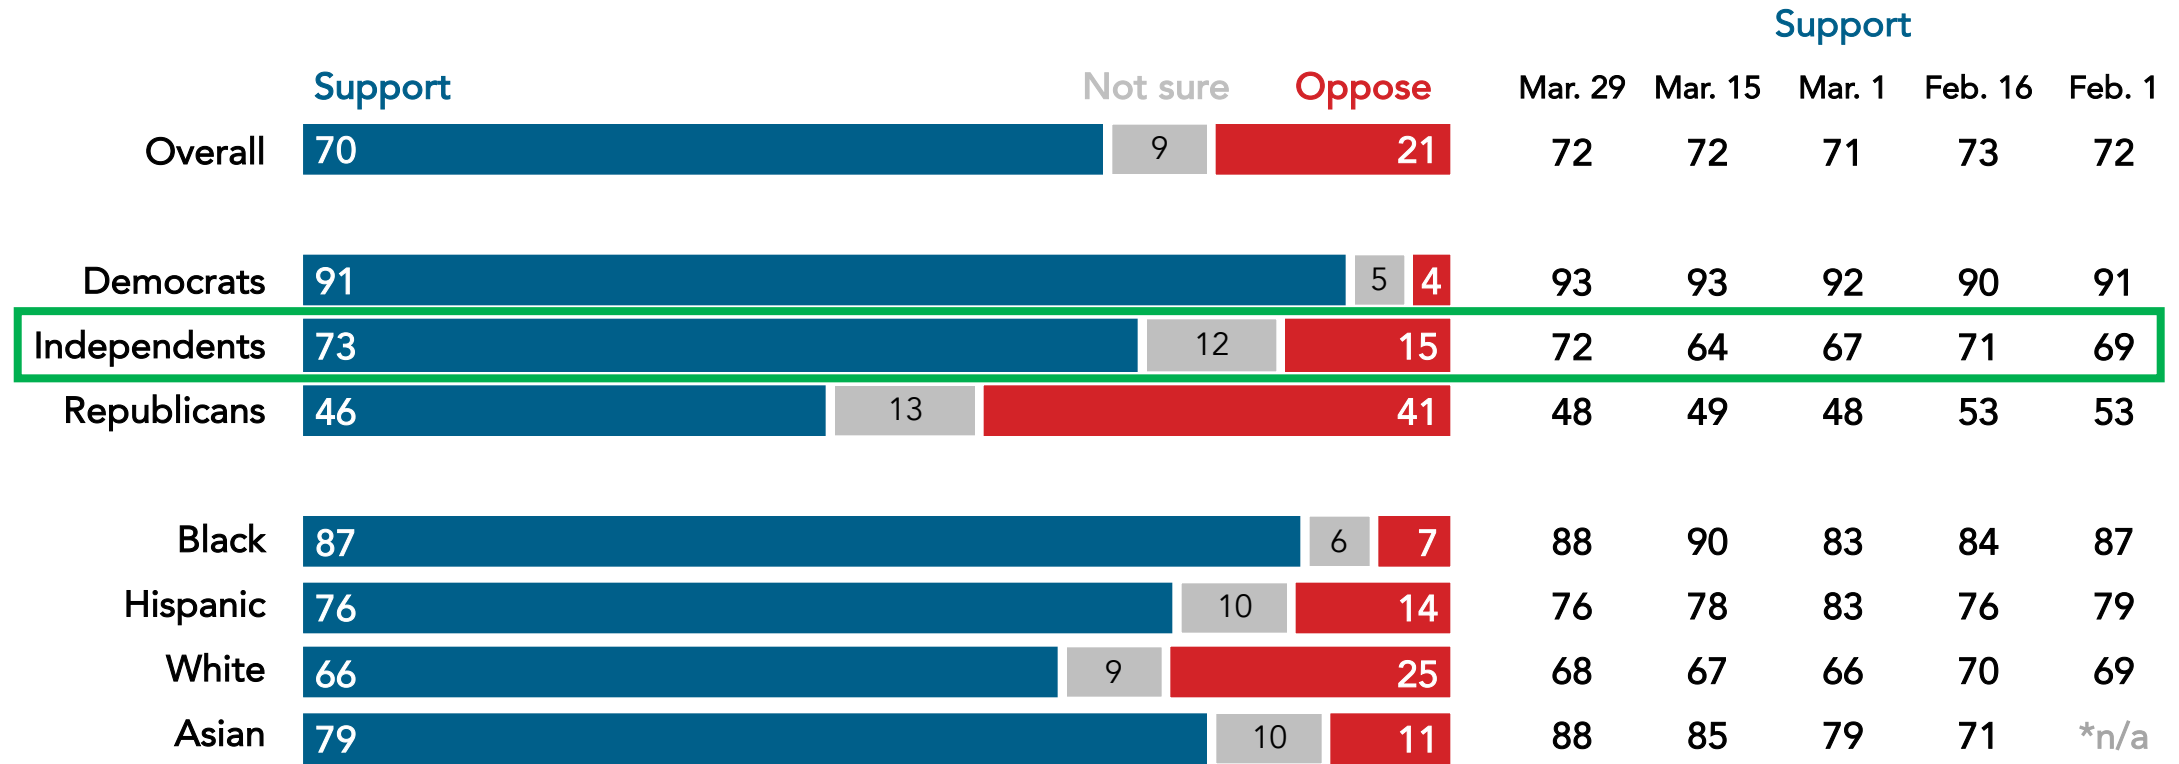

Key Takeaways:

- With a majority hearing about the “American Rescue Plan,” seven in ten continue to support it and a majority believe it has had or will have a “positive impact” on them.
- Awareness of the Rescue Plan remains low with a number of important constituencies.
- Positive ratings of the state of the economy and confidence in personal finances have risen since passage of the Rescue Plan.

Support for the “American Rescue Plan” Remains Broad

Support for the American Rescue Plan has hit its highest level among independents of the last three months (73%).

Regardless of how much you have seen or heard about President Biden’s “American Rescue Plan,” do you support or oppose President Biden passing an emergency legislative package that includes a new round of economic stimulus, vaccine funding, and other pandemic-related responses?

*Previous survey’s sample size of AAPI interviews is too small for statistical analysis. Nationwide surveys of registered voters; Each wave represents approximately 1,000 interviews taken over the prior three-five days. Latest wave conducted April 8-April 12, 2021. Three in Ten Now Rate Economy Positively

Since March 1st, there has been a 12-point increase in the share who say the economy is “excellent” or “good.”

- The greatest increases have been among Democrats (up 20 points, from 20% to 40%), Asian Americans (19 points, from 13% to 32%), Black Americans (14 points, from 26% to 40%), and independents (13 points, from 19% to 32%).

How would you rate the state of the U.S. economy today?

Nationwide surveys of registered voters; Each wave represents approximately 1,000 interviews taken over the prior three-five days. Latest wave conducted April 8-April 12, 2021. For more info, visit navigatorresearch.org

Growing Share Express Confidence in Personal Finances

While Americans are still split on how they feel about their personal financial situation in the coming months, there has been a 9-point increase since March 1st in the share who say they feel “confident.”

- Since March 1st, there has been a 13-point increase in the share of independents who feel “confident.”

Thinking about your personal financial situation over the next few months, do you feel confident or uneasy?

*Respondents were asked on a separate question whether they had received the most recent stimulus check.
 Nationwide surveys of registered voters; Each wave represents approximately 1,000 interviews taken over the prior three-five days.
 Latest wave conducted April 8-April 12, 2021. For more info, visit navigatorresearch.org

About Navigator

In a world where the news cycle is the length of a tweet, our leaders often lack the real-time public-sentiment analysis to shape the best approaches to talking about the issues that matter the most. Navigator is designed to act as a consistent, flexible, responsive tool to inform policy debates by conducting research and reliable guidance to inform allies, elected leaders, and the press. Navigator is a project led by pollsters from Global Strategy Group and GBAO along with an advisory committee, including: Andrea Purse, progressive strategist; Arkadi Gerney, The Hub Project; Joel Payne, The Hub Project; Christina Reynolds, EMILY's List; Delvone Michael, Working Families; Felicia Wong, Roosevelt Institute; Mike Podhorzer, AFL-CIO; Jesse Ferguson, progressive strategist; Navin Nayak, Center for American Progress Action Fund; Stephanie Valencia, EquisLabs; and Melanie Newman, Planned Parenthood Action Fund.

About the Study

Global Strategy Group conducted public opinion surveys among a sample of 1,256 registered voters from April 8-April 12, 2021. 97 additional interviews were conducted among Hispanic voters. 92 additional interviews were conducted among Asian American and Pacific Islander voters. 100 additional interviews were conducted among African American voters. 100 additional interviews were conducted among independent voters. The survey was conducted online, recruiting respondents from an opt-in online panel vendor. Respondents were verified against a voter file and special care was taken to ensure the demographic composition of our sample matched that of the national registered voter population across a variety of demographic variables.
