The best way to keep the economy open is through mask and vaccine requirements that slow the spread, otherwise too many people will get sick at once and leave businesses without workers
 The best way to keep the economy open is by returning to life as normal before the pandemic -- this virus is less severe than other strains of coronavirus and we can't let it completely derail life again

Q94. As you may know, some people have argued that we need to eliminate the filibuster as a Senate rule, which is a loophole that allows a small minority of U.S. senators to block legislation that a majority of senators support by requiring 60 votes instead of a simple majority. Do you support or oppose the Senate eliminating the filibuster?
