## About the Study

Global Strategy Group conducted public opinion surveys among a sample of 1,000 registered voters from January 20-January 24, 2021. 100 additional interviews were conducted among Hispanic voters. 75 additional interviews were conducted among Asian American and Pacific Islander voters. 100 additional interviews were conducted among African American voters. 100 additional interviews were conducted among independent voters. The survey was conducted online, recruiting respondents from an opt-in online panel vendor.
