Friday, April 22<sup>nd</sup>

A **G U I D E** for  
Advocates

## Key Takeaways:

- A majority support the Senate's confirmation of Justice Ketanji Brown Jackson to the Supreme Court.
- Nearly three in five say Biden has made the right decisions on Ukraine, though his approval on handling the situation remains split.
- Most Americans see the United States as being equally or more supportive of Ukraine as compared to other countries.

# A Majority of Americans Support the Senate's Confirmation of Justice Ketanji Brown Jackson to the Supreme Court

Since early April, there has been a 14-point net increase in the share of independents who support Justice Jackson's confirmation.

- There have also been significant increases in net support among Hispanic Americans (by 13 points since early April, from net +28 to +41) and AAPI (27 points, from net +40 to +67).

**Do you support or oppose the United States Senate voting to confirm Judge Ketanji Brown Jackson to fill Stephen Breyer's seat on the Supreme Court?**

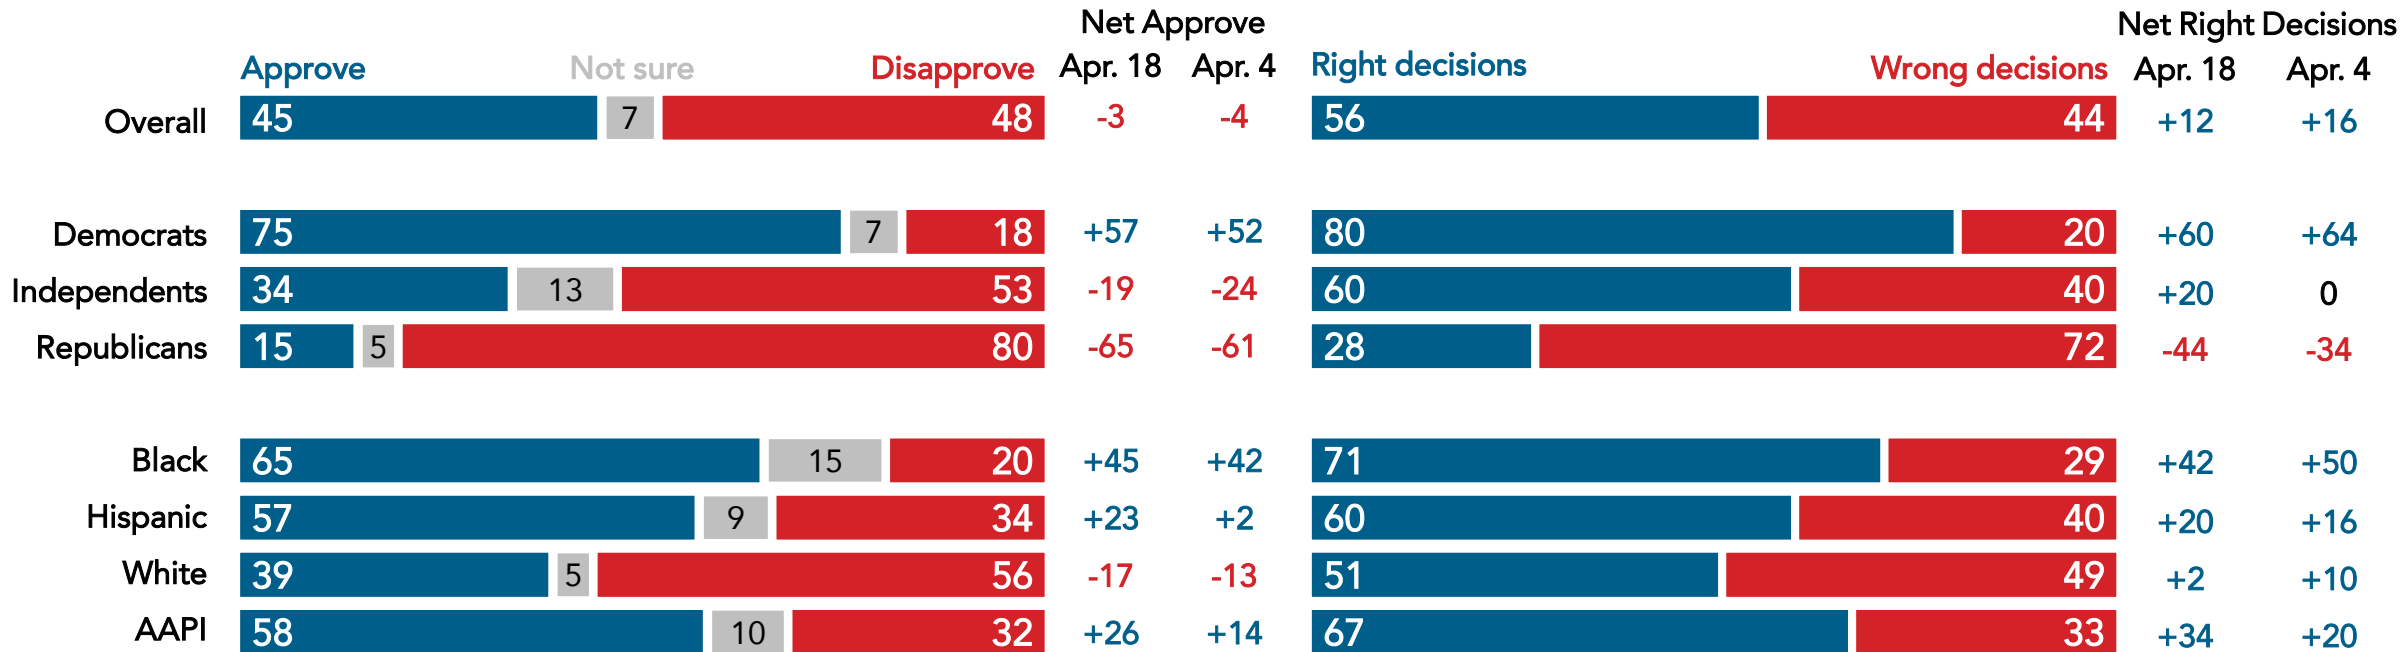

Nationwide surveys of registered voters; Each wave represents approximately 1,000 interviews taken over the prior three-five days. Latest wave conducted April 14-April 18, 2022. For more info, visit [navigatorresearch.org](http://navigatorresearch.org)

# Majorities Continue to Say Biden Is Making the Right Decisions on Ukraine While Approval Is Just Barely Underwater

Majorities of Democrats (80%) and independents (60%) say he has made the right decisions on Ukraine.

Do you approve or disapprove of the way Joe Biden is handling the situation in Ukraine?

So far, do you feel President Biden has made the right decisions or the wrong decisions when it has come to the situation in Ukraine?

Nationwide surveys of registered voters; Each wave represents approximately 1,000 interviews taken over the prior three-five days. Latest wave conducted April 14-April 18, 2022. For more info, visit [navigatorresearch.org](http://navigatorresearch.org)

# A Plurality of Americans Believe the United States Has Been More Supportive of Ukraine Compared to Other Countries

Independents (42%), Republicans (42%), and white Americans (42%) are more likely to say the United States has been “just as supportive” of Ukraine compared to other countries, while 49% of Democrats say the U.S. has been “more supportive.”

Compared to other countries around the world...do you think the United States has been more supportive, less supportive, or as supportive of Ukraine?

Nationwide survey of 997 registered voters conducted April 14-April 18, 2022.

## About Navigator

In a world where the news cycle is the length of a tweet, our leaders often lack the real-time public-sentiment analysis to shape the best approaches to talking about the issues that matter the most. Navigator is designed to act as a consistent, flexible, responsive tool to inform policy debates by conducting research and reliable guidance to inform allies, elected leaders, and the press. Navigator is a project led by pollsters from Global Strategy Group and GBAO along with an advisory committee, including: Arkadi Gerney, The Hub Project; Joel Payne, The Hub Project; Christina Reynolds, EMILY's List; Mike Podhorzer, AFL-CIO; Jesse Ferguson, progressive strategist; Navin Nayak, Center for American Progress Action Fund; Stephanie Valencia, EquisLabs; and Melanie Newman, Planned Parenthood Action Fund.

## About the Study

Global Strategy Group conducted public opinion surveys among a sample of 997 registered voters from April 14-April 18, 2022. 100 additional interviews were conducted among Hispanic voters. 76 additional interviews were conducted among Asian American and Pacific Islander voters. 101 additional interviews were conducted among African American voters. 100 additional interviews were conducted among independent voters. The survey was conducted online, recruiting respondents from an opt-in online panel vendor. Respondents were verified against a voter file and special care was taken to ensure the demographic composition of our sample matched that of the national registered voter population across a variety of demographic variables.
