Trump and MAGA Republicans are waging an ongoing campaign to override our elections and take away our freedom to vote. They engaged in a criminal conspiracy to overturn the results of the 2020 election, they planned, promoted and paid for the violent attack on our country on January 6th, and now they are planning to do it again.

In America, voters determine the outcome of our elections. But MAGA Republicans are only focused on what gets them power and keeps it for them, so they're trying to overturn elections they lose so they can elect candidates who will do their bidding. They want to be able to put themselves in power regardless of the outcome of an election and override the will of the people.
