Q27B. [SPLIT B] Republicans in Congress refused to work with President Biden and Democrats on a solution to the debt ceiling, so they released their own budget plan. The plan would cut 22% of funding for government programs that are non-military, including cuts to education, veterans' health care, child care, and opioid treatment. Do you support or oppose Republicans in Congress' plan?

Q35C. [SPLIT C] How concerning do you find the following statement about Republicans' proposed changes to Medicaid?

The Republicans' plan would cut Medicaid that millions of Americans rely on, especially sick kids and seniors. Up to 60% of children with disabilities and 30% of adults with disabilities get their coverage from Medicaid and rely on that coverage to get the care that they need. Without this coverage, millions of sick children and seniors - including as many as 60% of nursing home residents - would not be able to afford the care that they need.

Q35D. [SPLIT D] How concerning do you find the following statement about Republicans' proposed changes to Medicaid?

Republicans' proposed Medicaid work requirements are built on the lie that recipients of Medicaid are lazy or taking advantage of the system: but most working-age adults enrolled in Medicaid already work, are taking care of children or other family, are attending school, or have health problems that prevent them from working. Studies also show work requirements do nothing to increase employment rates and are just a backdoor way to kick people off Medicaid.
