IRAVIEW. As you may know, Biden and Democrats' legislation that was passed by Congress is called the Inflation Reduction Act, which will give Medicare the power to negotiate lower drug prices, bring down health insurance premiums, and invest in clean energy like wind and solar power. Knowing this, do you support or oppose this economic plan?

Q35A. [SPLIT A] Which side do you agree with more?

Statement A: People are alive because of the cures and treatments discovered by pharmaceutical companies. Government price controls will mean less investment in cures.

Statement B: People can't afford their medicines, while drug companies are making record breaking profits. Reforms to the system that take away the advantages for the drug companies - ending their monopolies and their tax giveaways - will bring down costs for Americans.
