Below are two statements about the candidates for President.

The first statement is:

As Vice President, Harris is responsible for Biden's failed record. She was Biden's Border Czar, leading to a border invasion, a surge in crime, and fentanyl on our streets. And, with Harris' help, Bidenomics has caused runaway inflation and the American Dream is dead. It's no surprise she was named our most liberal senator, for her support of the Green New Deal and defunding the police. We can't afford another four years of the Biden-Harris record. Donald Trump will Make America Great Once Again.

The next statement is:

(SPLIT A)² Donald Trump took away the right to have an abortion. He bragged: "I was able to kill Roe v. Wade," putting politicians in charge of making this decision instead of women, families, and their doctors. He even said "there has to be some kind of punishment" for women seeking abortions. And he has said he supports a national abortion ban – even in states where it is currently legal. Kamala Harris says it's not right that young women now have fewer rights than their mothers and grandmothers. That's why she'll fight to restore a woman's right to choose.

(SPLIT B) Donald Trump puts the wealthy and big corporations first. As president, budget-busting tax breaks that helped many large corporations get away with paying no federal income taxes at all and cut taxes for the ultra-rich. Now he wants to extend those tax breaks for the top 1% and leave everyday people behind. Under a Trump second term, the rich will just get richer while everyone else gets left behind. Kamala Harris is a former Prosecutor and Attorney General, who took on corporate polluters and Wall Street big banks. She'll protect workers and consumers, not corporate CEOs.

(SPLIT C) Donald Trump is a threat to our democracy. He incited a violent insurrection at the Capitol on January 6th to overturn the 2020 election results, leading to the deaths of police officers. He even said if he was re-elected, he would use the Justice Department to prosecute his political enemies, and fire thousands of civil servants like engineers and intelligence officers so he can replace them with his own loyalists. Kamala Harris is a former Prosecutor and Attorney General who took on violent criminals, sexual predators, and fraudsters. She'll protect the rule of law, not weaken it.

(SPLIT D) Trump will just take us back to the past. He gave a massive tax break to the wealthiest 1% and promises to go even further. He bragged about being responsible for "killing" Roe v. Wade, and said there should be "some sort of punishment" for women seeking an abortion. And he's a threat to democracy — challenging the election results, inciting violence, and saying he'd terminate the Constitution. Kamala Harris will turn the page with a vision for a brighter future that makes room for all Americans, where every person has the opportunity to get ahead.

² Respondents are evenly distributed between SPLIT A, SPLIT B, SPLIT C and SPLIT D

57 (SPLIT E) ³ Trump bragged about taking away a woman's right to an abortion by helping kill Roe v. Wade and has said women seeking abortions should face "some kind of punishment." Trump – along with his hand-picked Vice President J.D. Vance – have also supported a national abortion ban and could restrict abortion access even in states where it's currently legal if re-elected.	45	7	5	38	5	52 43

58 (SPLIT F) Trump's team has put together an unprecedented 920-page plan to take over the government – called Project 2025 – to finish what they started by overturning Roe v. Wade and rolling back reproductive rights. 59 Trump is a threat to our democracy. He tried to overturn the 2020 election results, leading to violence at the Capitol on January 6th. He said if re-elected, he would use the Justice Department to prosecute his political enemies and eliminate checks and balances by firing thousands of civil servants and replacing them with his own loyalists. He said he would terminate the Constitution.	45	4	4	42	5	50	46

60 (SPLIT E) Trump is just out for himself and people like him. As president he gave a huge tax cut for the wealthy and big corporations. He was recently caught promising wealthy donors at a fundraiser that he'll give them even more tax breaks. Trump's plan already has cut corporate taxes to the lowest rate in over 80 years, and if re-elected he would cut corporate taxes again while raising taxes on middle and working-class families.	43	8	5	40	5	51	45
