Here are some statements from supporters and opponents of the Trump and Republicans in Congress budget bill, also known as the One Big Beautiful Bill.

Supporters say this is the largest tax cut in American history, and will lower taxes for working people by doing things like cutting taxes on tips and overtime. Supporters also say it will eliminate fraud in programs like Medicaid and SNAP to protect them for hardworking Americans, not illegal immigrants.

Opponents say that it will raise costs because it makes the largest cuts to Medicaid and SNAP in history, raises health care costs, and ends energy tax credits, all to pay for the largest billionaire tax cut in history. **[SPLIT A]**

Opponents say that even if it makes small tax cuts, it's not enough, because regular people are still hurting from the high cost of living caused by reckless policies like eliminating tax credits working people use to pay for health care and making the largest cuts to Medicaid and SNAP in history in this same bill. **[SPLIT B]**
