Q76. Below are some statements that Trump and Republicans in Congress have been making about the 2026 election. Please indicate how convincing you find the following paragraph on a scale of 1 to 5, where 1 means it is not at all convincing and 5 means it is extremely convincing.

Democrats are already trying to rig the next election just like they rigged the last one against Trump and other Republicans. They want to let non-citizens vote, refuse to clean up voter rolls, and oppose commonsense safeguards like requiring proof of citizenship and voter ID to vote. If we don't secure our elections now, Americans may never be able to trust the results again.
